

North Pocono

Senior Lilianna Ruby is an accomplished member of her class, boasting a GPA of over 4.1.

Upon graduation, she will have 14 AP classes under her belt, including seven from this year. In addition, Lilianna chose to independently study AP macroeconomics. Her other AP classes include calculus BC, physics 2, chemistry, English literature, U.S history and computer science principles. She is in the top five of her class.

Her memberships and activities include officer of SADD and treasurer of Interact Club. She plans to become a captain of the Science Olympiad team. Lilianna is also a loyal member of Future Business Leaders of America, Mathletes, the mock trial team and National Honor Society.

“I do believe that hard work pays off,” Lilianna said.

Lilianna also plays on the girls varsity golf team and volunteers at church and in Interact club. She has been playing the cello since fifth grade and the piano since sixth grade, she joined the marching band her freshman year and started to play mallet percussion in the pit.

Lilianna plans to attend either the University of Pennsylvania or the University of Pittsburgh.

“I realized in my junior year that I wanted to be an engineer, but I didn’t want to drop economics,” she said, with a perfect fit as a quantitative analyst.
