North Pocono

A four-year starting catcher on the softball team, Rieley Loch not only has garnered success on the field, but has also excelled in the classroom.

As a freshman, she led the team in batting average and as a sopho-more, she won the team MVP award. Last year as a junior, Loch earned MVP honors again and was named a Lacka-wanna League all-star.

She has also been voted a captain of the team by her teammates three straight years.

Off the field, Loch participates in Red Cross and FBLA and is **a member of the Science Olympiad team that qualified to go to the state competition for tower building.**

While doing all of these extra-curricular activities, she has maintained high honors and found time to volunteer at the Moscow fire house as well as the Little League program.

Loch will further her career as the catcher at Penn State in Harrisburg as she pursues her degree in civil engineering.
