

North Pocono

Sophomore Mark Caputo takes part in mathematics competitions.

He's participated in both the Marywood Math Competition and the American Regional Mathematics League.

The son of Chris and Christina Caputo, during school Mark takes many advanced courses, including advanced math concepts, accelerated chemistry, accelerated English and Advanced Placement Spanish, statistics and government.

Mark runs cross country and track and field, is a member of mock trial, Science Olympiad and student council and was chosen as the HOBY representative from North Pocono.

“Get involved in activities that allow you to improve yourself and those around you,” he said.

After high school, Mark plans to become a mathematician or an applied mathematics professor.
