## North Pocono

Science Olympiad teams from North Pocono High School Science competed at the Battle of Valley Forge Science Olympiad Invitational at Conestoga High School in Berwyn.

On Jan. 10, two teams of students competed against 39 teams from about 20 schools spread across five states. It was the district's third trip to the invitational.

North Pocono students who placed include Jon Jenkins and Tyler Baldauff, fifth, Mission Possible; John Slater and Vince Wojnar, third, Bungee Drop; Cierra Fantini and Marcus King, second, Geologic Mapping; Josh Winslow and Austin Flyte, second, Mission Possible; and Cody McLafferty and Matt Kuniegel, first for Scrambler.

Contributions from every student allowed them to be successful.
