Freshman reflections...

David Yatsonsky of Jefferson Twp. reflects on his first year of college at The University of Scranton.

Name: David Yatsonsky

Hometown: Jefferson Twp.

Parents/Guardians: Dr. and Mrs. David and Linda Yatsonsky

College/University: The University of Scranton

Major: Biochemistry Cell and Molecular Biology

Resident or Commuter: Commuter

Q. Are you a member of any school clubs?

A. Pre-Health Professions Organization, Biology Club, Sophomore Class Chair of Commuter Student Organization.

Q. Do you have any advice for college bound students?

A. To a younger sibling or friend entering college, the best advice I could give is to stay on top of your work. There is much more free time between classes than in high school, so it is very easy to get distracted by all the excitement college offers, but as long as you balance your time and distractions, college is exciting and manageable.

Q. Can you please comment on your commute to school each day?

A. I wish the commute wasn't so far away. Although the University is closer to my home than North Pocono, the drive is still over 20 minutes.

Q. What are your summer plans?

A. I am working at The University of Toledo Medical Center, doing clinical research regarding e-cigarettes.

Q. What are your future plans?

A. I hope to one day become a physician in Northeastern Pennsylvania.
